

## Getting started with digital fundraising

Our guided Starter offer systematically introduces you to the world of digital philanthropy. Use our research without restrictions and join public networks to maximise your impact. If you are a tax-exempt non-profit organization, you collect donations digitally from this level onwards.

-  Create a portrait for your organization or projects. Present your organization the way you want it.
-  Search for organizations in the comprehensive foundation register. Save and manage suitable organizations in lists.
-  Join all public networks, engage in discussions and connect with like-minded stakeholders.
-  Create a portrait on the donation platform, create a donation button or QR code, take part in donation campaigns and collect up to CHF 2'000 in donations free of charge.
-  Submit grant requests digitally to participating funding organisations. The grant request assistant increases your chances of being matched.
-  Upload a dossier of your project and the AI assistant will automatically create a project portrait on stiftungschweiz.ch.
-  Deepen your knowledge in exclusive learning formats, such as 45-minute essentials or the Starter webinars.
-  Discover our services and receive a print subscription to The Philanthropist. Share your account with up to 5 users.
