

Foundation registry

Achieve visibility

With Spheriq's stakeholder directory, you make your organization and projects visible. Use a protected space for your data and discover tools that increase impact, trust and cooperation.

- Quickly identify suitable cooperation partners with the automatically calculated **Fit & Hope** indicators
- Base your cooperation decisions on **verified recommendations** - and convince others with recommendations from previous cooperation partners
- Use individual organization and project profiles to gain **more presence in the sector**
- Steer your communication with profile content that is either **publicly visible or shared exclusively with selected partners**
- Build trust and visibility with **badges**
